# SENIOR PROPHECY

Near the launching site in Hawaii, a large group of people were awaiting the blast off of a rocket, which was to carry Gary Huffman to Venus. Two women in the group suddenly recognized each other as former classmates.

"Why, Kay Doherty, whatever are you doing in Hawaii?"

"Well, Shelby Worker, I'm here for the same reason as you are. To see a former classmate make history. Speaking of history, did you know that David Hirschy was the first inhabitant of Mars?"

"Isn't it wonderful to have a man from your own class, Jeff Brown, President of the United States. Sue Burke was his campaign manager."

"Yes, it is, Shelby. Oh, the other day I read an editorial in LOOK magazine which Linda Baumgartner wrote. It was about the new singing sensations, "Sheldon Mathys and the Four Quiet Ones." His band consists of Don Gillespie on trombone, and Bob Mosser, Jim Meshberger, and Doug Bixler, all playing instruments designed by Mary Wagner."

"Some members of our class have left the United States. Grace Amstutz and her husband are missionaries in Haiti. Jim Biberstein is an engineer in Egypt."

"Yes, and Linda Hawbaker is a nurse in a hospital in France, where, by the way, Cary Hanni, the famous brain surgeon, is studying newer methods of surgery. Philip Hough is the owner of a chain of supermarkets here in Hawaii."

"Everybody seems to enjoy Hawaii. Virginia Rhodehamel's husband designed this rocket. They live next door to Angela Lehman and her husband and three daughters."

"Ron Bollenbacher won a gold medal at the Olympics last year. Bob Kirchhofer is a private detective in New York. Ann Steiner is the secretary to Ronnie Vorhees, a famous astronomer. Bill Baumbauer is traveling with a motorcycle show."

"Sheryl White is a lawyer, and is going to present the defendant's case to Judge Steve Murphy. Cathy Tschannen is the new Physical Education teacher at Geneva. Patty Weaver owns a large horse ranch in Texas."

"Karen Burke is living in New York with her husband and son. She designs hats to wear with the hair styles I create. Jane Neuenschwander and Janis Habegger have both become teachers at Geneva. Doug Edgar has worked his way up to become manager of the Ford Motor Company. Mary Ann Duff is one of his secretaries."

"It seems several girls have made Geneva famous for its hair stylists. Dixie Pharr, Tonya Mosser, Patty Fields, and Mary Rich all work in the "Elite Shoppe" in Paris. Marsha Jones and Nancy Fogle have a thriving insurance business in Geneva. Sharon Armstrong and Gloria Amstutz are styling the stars' hair. They are living in Hollywood. Judy Bixler and her executive husband now live in Alaska."

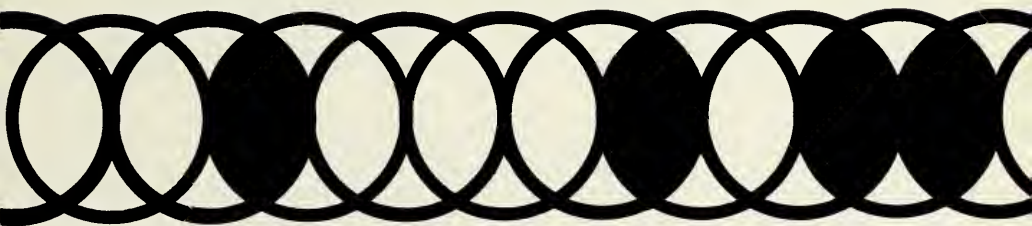

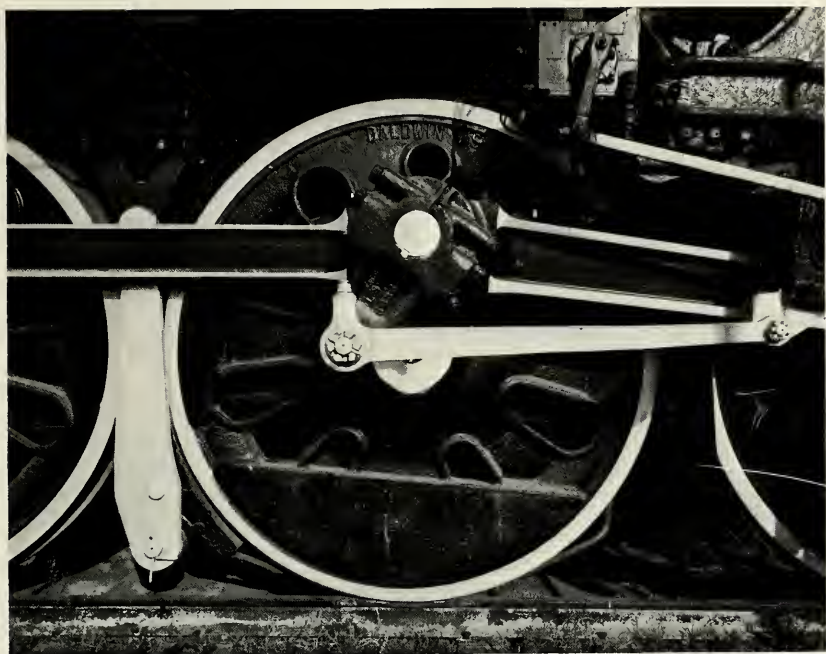

"While I was visiting in Geneva I stopped in to see Darlene Kelly and her husband. Gloria Lough, her husband, and children are residing in Berne, Indiana. See that little boy over there? That is one of Sharon Bilington's quints. He looks just like his father, doesn't he?"

"Just before I left Indiana, I went to see the Indianapolis 500 race. John Mere was driving the winning car."

"Oh, it's time for the countdown. General John Binegar is on hand to witness it. There he goes."

"Well, I really must go now. I am to meet Jean Augsburger at the airport. We are on our way to England to style the Queen's hair. I am glad to have found out what all our former classmates are doing. I'll see you at our next class reunion. Good-bye Kay."

"Good-bye, Shelby."

The 1964 edition of the Fightin' Cards showed vast improvement over previous years. The season started slowly for the Cards as they lost their first two games, but Coach Conner got the Cards rolling at mid-season. The Cards displayed excellent football in beating Bluffton "B," holding Union City to a tie, and trouncing Portland "B." The team was dealt a severe blow when star quarterback Rodney Mosser suffered a broken leg in the White's game. Despite this loss, the Cards never gave up and showed the Geneva fans some fine football in the last two games. There were only six seniors on the team this year, so next year's team should be bigger and better. Good luck next year, Cards, and keep fightin'.

# How to use your Savings to beat down the cost of Borrowing

**Put your savings in a Full Service commercial bank. Borrow money from that same bank. You'll make the most of your money because you'll pay the least for your loan.**

The more you do for a Full Service commercial bank (such as ours), the more we can do for you.

#### **What can you do for us?**

Bring us your checking account, your savings account, and any other accounts you may have. And do all your borrowing from us.

#### **In return, what can we do for you?**

Chances are we can save you money on loans. Our interest rates for loans are usually lower

than the rates at other types of financial institutions.

#### **But what about our lower interest rate on savings?**

True, we sometimes pay a little less on savings than other types of financial institutions. But if you're like most people, you'll borrow far more in your lifetime than you'll save. It figures that having to pay even a slightly higher rate on a loan will quickly wipe out any small gain you might make on your savings.

#### **How do we get together?**

Very simple. Just let one of our bank officers show you how we can become your financial headquarters. The rest comes easy
